Subject: EPA response to Gov. Christie letter on the Passaic

Good morning - I received a call from the NJDEP press office asking the status of EPA's response to this letter. The letter addressed to the Administrator is dated 11/28/12. A cover letter addressed to me from Bob Martin is dated 12/6/2012.

Correspondence from stakeholders received in the context of a National Remedy Review Board review are not provided with a response. These letters were received for the Board's consideration prior to the review of the lower eight miles of the Passaic River. However, it is my understanding that a response may have been provided by someone else. If you have any information on a response please let me know and send me a copy.

Thank you.
